General AVP Championship Notes

- Flint and Larsen were teammates for 19 AVP tournaments, winning twice... they became the youngest team to win an AVP event in September 2015 when they won all five matches in claiming the title in Cincinnati... The duo was a combined 46 years, 4 months, 27 days (record was then surpassed in September 2017)
- Starting with the 2016 season opener in New Orleans, just 2 of the 20 title matches on the women’s side was an upset (the lower seeded team won), but now 3 of the last 6 AVP women’s championships have been upsets
- In the last 9 AVP championships, 6 have required a third set to determine the winner... In 4 of those, the team losing the first set came back to win the title
- Day / Flint are the defending Seattle champions... If Larsen / Stockman win the title it will mark the 5th different champion in as many years here on the AVP Tour
